Wishlist Analytics App User Guide

- App Version: 1.0
- Our Support Email: support@webecommercepros.com

Thank you for using Wishlist Analytics BigCommerce App. If you have any queries with this App, please feel free to contact us: support@webecommercepros.com

Below you will find the detailed documentation:

Step 1: App Installation

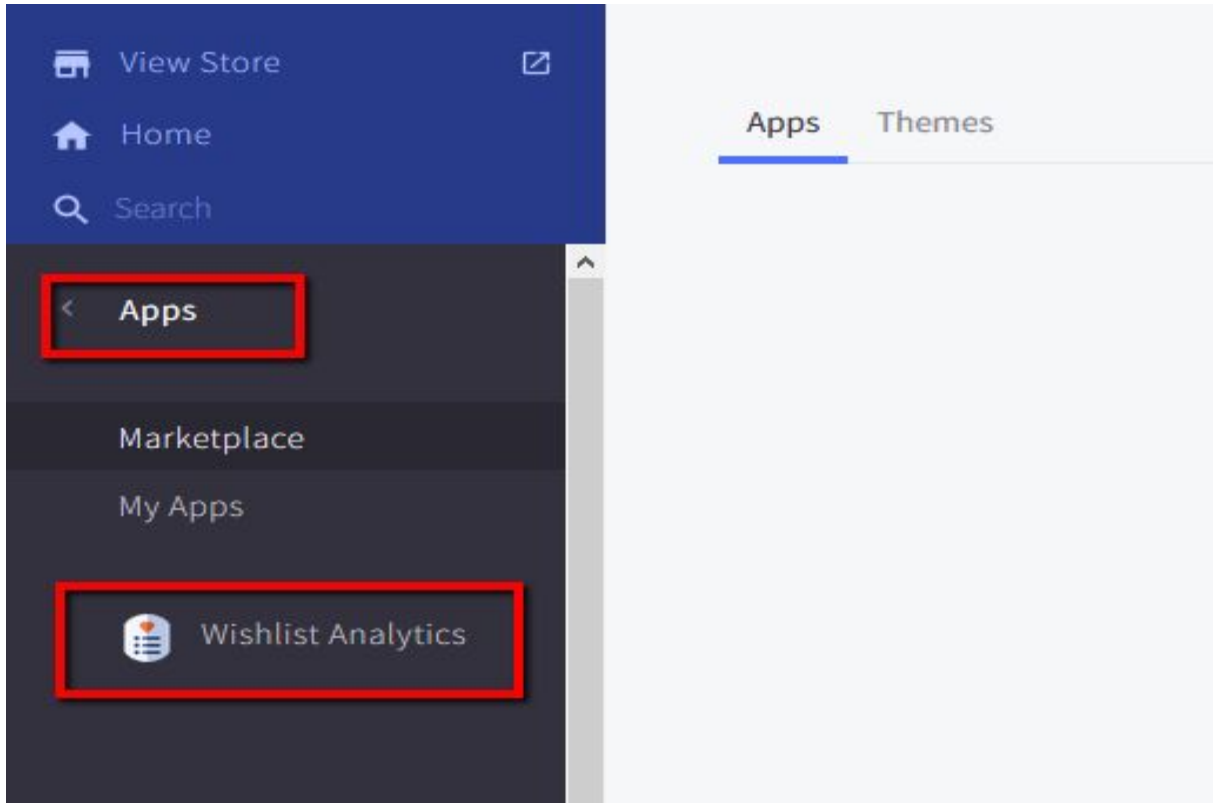

To install the Wishlist Analytics app all you have to do is go to the [BigCommerce App Store](#).

Step 2: How to Use

In the Wishlist Analytics App, the total wishlist on the store is displayed. The most likely product in the wishlists of the store is displayed at the top and the user can also view the customer details of wishlist products. There is an option to request a feature for any innovation. If you find any issue please contact us at support email.

Step 2: How to Use Examples

- Go to Apps > Wishlist Analytics

- Wishlist page view:

Total Wishlists on Store: **15** [Request a Feature](#)
